La Grippe Cured

This modern malady has become dreaded not more for its direct fatality than for the weakness of body and mind it leaves behind it. Prolonged debility, permanent prostration, melancholy and suicide follow La Grippe. For this disease there is no remedy superior to Ayer's Cherry Pectoral.

"The best remedy for la grippe that I know of is Ayer's Cherry Pectoral."

Rev. JOHN K. CHASE,
South Hampton, N. H.

"My wife and five children were taken down with la grippe, while the disease was so widely prevalent. I dosed them with Ayer's Cherry Pectoral, and before using quite two bottles my family was restored to health. I know of several obstinate cases of the same complaint which were also cured by this remedy."

J. PARMINTER,
Paulette, Miss.

"I was cured of la grippe by the use of Ayer's Cherry Pectoral."

Burglars at Rockville.

Last Tuesday night or Wednesday morning, burglars entered the store of S. Hoffman & Co., at Rockville, and took goods to the amount of \$60. Sheriff Mudd was telegraphed to bring his dogs, but he and his chief deputy, Graves, were both absent from the city. The following from the Rockville Reflex explains what followed:

"In answer to the first telegram Mr. Hoffman was informed that the Sheriff and deputy were both out of town and no one would come. Later a telegram was received stating that Dike McCann, an under deputy, would come and bring his hounds. But upon receipt of the telegram that no one would come Mr. Hoffman opened his store and let people pass in and out trading as usual. Consequently by the time the dogs got here, so many people had been in and out of the store that the dogs could not get the trail. As near as can be told the thieves took from Mr. Hoffman's two suits of clothes, overcoats, hats, a number of ties, considerable jewelry and about \$5 in cash.

After the hounds failed to strike the trail of the thieves Les Foster and Ed Robinson were started out and after they had been gone for some time the dogs were put on the trail and in a few minutes had the boys up a tree down by the lake.

The dogs are all right, but the thieves had been gone too long for them to trail."

Replying to a request for its opinion regarding the quarrels among the Republicans of Missouri, the Republican admits that an effective way to cure "holier-horn" is to amputate behind the ears, but we advise the old-fashioned treatment of "born the horn." When treed by a bear, in an out of the way locality beyond the reach of aid, it is not out of place to spend the night in "holier and ringin'" but its just as soothing to the bear to hold a season of meditation and prayer.—Henry Co. Republican.

Messrs. R. L. Maupin and B. H. Ingram of Sedalia and J. H. Christopher of Warrensburg, president, secretary and treasurer, respectively, of the Missouri Loan and Investment company, who were recently arrested on the charge of conducting a lottery and were bound over in the sum of \$2,000 each by Commissioner Jeffries for their appearance at Des Moines, Iowa, where indictments were returned against the accused, left last evening for the Iowa town to face the charge today.—Sedalia Sentinel.

Soper's Case Will Go Up.

Harrisonville, Mo., Dec. 14.—In the case of the State against E. B. Soper, Judge Wood this morning overruled the motion for a new trial and sentenced the defendant to be hanged February 4. The defendant filed affidavit for an appeal to the Supreme court and leave was given until February 15, 1898, to file bill of exceptions.

Samuel Tipton, a young man who about a year and a half ago, accomplished the seduction of the 15 year old daughter of J. K. Dillard, a well known and estimable citizen, who resides south of town near Clintonville, has just been apprehended for the crime at Melvern, Kansas. Sheriff Edge was notified of his arrest and left yesterday morning for the Sunflower state, and will bring the prisoner with him on his return. A reward of \$50 had been offered by both the county and state for his apprehension.—El Dorado Sun.

Clinton papers tell of a large sale of beef cattle by Smith & Gray, from their large stock farm, to Hathway & Co., of Boston. The cattle will be shipped to that city and put on steamers for Liverpool and sent to the London market. There were 294 head sold, weighing 492,495 pounds, an average of 1675 pounds per head. They were weighed in drafts of four head at a time. Several drafts of four heaves weighed 8,000 pounds, or an average of 2,000 each. One 3 year old short horn weighed 2,100 pounds, 138 head averaged 1705. They realized a total of \$25,000. The price was \$5 per hundred.

What is Scott's Emulsion?

It is a strengthening food and tonic, remarkable in its flesh-forming properties. It contains Cod-Liver Oil emulsified or partially digested, combined with the well-known and highly prized Hypophosphites of Lime and Soda, so that their potency is materially increased.

What Will It Do?

It will arrest loss of flesh and restore to a normal condition the infant, the child and the adult. It will enrich the blood of the anemic; will stop the cough, heal the irritation of the throat and lungs, and cure incipient consumption. We make this statement because the experience of twenty-five years has proven it in tens of thousands of cases. Be sure you get SCOTT'S Emulsion, 50c. and \$1.00, all druggists.
